

From: The Stewards  
To: Indian Summer Racing No. 319  
Driver: Washay & Selldorff

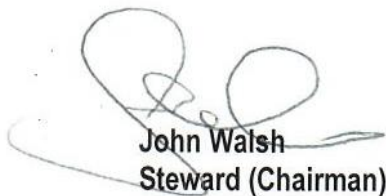

Decision No: GT4-03  
Date: 7/22/22  
Time: 08:51

The competitor has submitted a request for a technical waiver, related to series-required data monitoring equipment.

The competitor has no manifold pressure sensor and exhaust sensor for the series-required MOTEC data system. It has been confirmed by the Technical Manager that these components are not currently available.

After consultation with the Technical Manager, the Stewards grant a one-event waiver for the No. 319 to compete without the required equipment for the remainder of this event.

The competitor is reminded of his right to appeal (Article 18) except the penalties which are not susceptible to appeal.

John Walsh
