Re: Driver Order Submission

Stewards Decision No. GT4-06
Date: September 24, 2022
Time: 13:01:19

The Stewards, having received a report from Timing regarding incorrect driver order in Qualifying, summoned the team representative for a hearing.

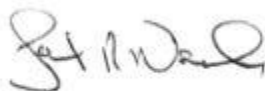

During the hearing, it was determined that the cause of the discrepancy was a conflict of information exchanged between the competitor and the series administration. In actuality, the competitor intended to use the driving order that was used during previous rounds of the championship.

After considering the matter, the Stewards have determined that they will take no further action the reported violation, and direct Timing to show that the driver order for the No. 17 should be Driver 1 – James Rappaport, and Driver 2 – Todd Hetherington.

The Stewards remind both competitors and the series to consider a review of the processes involved in declaring driver order before the start of any event.
