The Competitor reports that one of their drivers – Todd Hetherington – has become unavailable to compete further in GT4 competition at this event. They have nominated a replacement driver – Robert Orcutt – to participate for the remainder of the event.

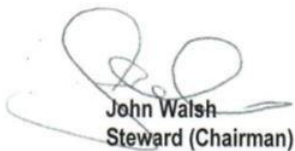

The Stewards, having considered the matter, determined that this is a case of force majeure, and grant the Competitor's request to use Mr. Orcutt as a replacement driver.

Furthermore, the Stewards stipulate that:

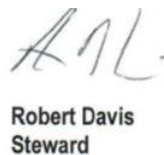

The replacement driver must complete all required administrative checks prior to participating in the event

The Competitor must ensure that the replacement driver's personal safety equipment is inspected and approved by the series scrutineering staff

The Competitor must inform the Technical Manager regarding the proper driver weight and ballast for GT4 America competition, and use the newly calculated weight in all sessions
