To: Skip Barber Racing – No. 37
Re: Chassis Change Request

Stewards Decision No: GT4-07
Date: 20 May 2023
Time: 12:39

The competitor has requested a change of chassis for the No. 37 car, due to a fire in the engine compartment in the closing minutes of Qualifying.

After considering the matter, the Stewards grant the request for a chassis change, with the following conditions:

The No. 37 must start at the rear of the grid for both GT4 Race 1 and GT4 Race 2

The competitor just completed all required technical inspections prior to participating in any on track sessions

The competitor must contact Timing and resolve any matters involving required transponders, data and GPS equipment to the satisfaction of Timing.
