
From: The Stewards
To: Hanley Motorsports No. 999
Re: Chassis Change

Stewards Decision No: GT4-02
Date: 17 June 2023
Time: 07:35

The competitor has requested a change of chassis for the No. 999 car, due to significant damage from an incident in Practice 2 with the chassis originally entered for the event.

After considering the matter, the Stewards grant the request for a chassis change, with the following conditions:

The competitor must complete all required technical inspections with the replacement chassis prior to participating in any further sessions.

The competitor must contact Timing and resolve any matters involving required transponders, data and GPS equipment to the satisfaction of Timing.
