Re: Technical Waiver – BMW M4 GT4

Decision No: GT4-01
Date: 21 Sept 2023
Time: 12:30

The series Technical Manager has presented a request to the Stewards for a 1-event waiver for the G82 BMW M4 GT4 vehicles competing at Sebring International Raceway.

Due to supply chain logistics issues, a supply of the homologated front grills for these vehicles is not available from the manufacturer in time for the Event. This has been confirmed, in writing, by the BMWNA Motorsports Manager. The manufacturer has offered a replacement part that offers no competitive advantage or disadvantage. That part number is:

51 13 8 085 968

After considering the matter, the Stewards grant a 1-Event waiver for the affected BMW teams, to use the above-listed replacement part instead of the part listed on the homologation documents.
