Subject: Start and Re-start Zones at Road America – Addendum to Drivers Briefings – All Classes

Date: 8/27/20

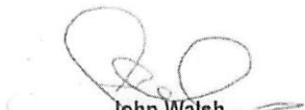

Time: 15:25

---

The Stewards call all competitors attention to updated Driver Briefing instructions on race starts and re-starts, as described below -

All race groups (GTWC, GTSC, GT4 Sprint, GT4 SprintX and TC America) will be using the marked zone for all starts and restarts for all races this weekend. This zone is marked by red tape on the top of the track pit wall, red vertical stripes on the pit wall barriers on both sides of the track and cones on top of the pit wall, with a yellow "RESTART ZONE" banner in the middle of the zone.

Please note that this is a significant change to the re-start procedure as described in the Drivers Briefing.

  
John Walsh  
Steward (Chairman)

  
Robert Davis  
Steward

  
Peter Cunningham  
Steward
