

From: The Stewards  
To: Competitor: CarBahn GT4 #930  
Driver: Siegel & Dyer

Decision No: GT4-02  
Date: 4/30/21  
Time: 08:30

The series Technical Manager forwarded to the Stewards a request from CarBahn, regarding their GT4 #930 entry, driven by Mark Siegel and Tom Dyer. Due to force majeure, the series-required Lambda sensor was installed an incorrect location on the engine. The Technical Manager confirmed that the alternative sensor location and installation would meet the needs of the series.

The request for a waiver is for only this weekend's competitions, as the team indicated that they would have the required sensor correctly installed before the next series weekend at VIR.

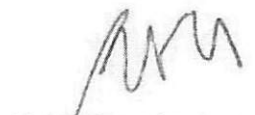

The Stewards, having considered the request and all supplied materials, grant a one event waiver for the CarBahn GT4 #930.

Supporting Documents: Waiver request from CarBahn – GT4-2A

The competitor is reminded of his right to appeal (Article 18) except the penalties which are not susceptible to appeal.
