
From: The Stewards
To: Competitors Representative – Auto Technic Racing Nos 51, 52 & 53
Re: Technical Waiver

Stewards Decision GT4-06
Date: 4/16/22
Time: 16:12

The Competitor has requested a waiver of the Series' requirement for engine performance data logging equipment as specified in the Sporting Regulations Appendix 7 – Mandatory Equipment.

The No. 51 has a non-working Motec lambda sensor. The Nos. 52 and 53 cars have no required lambda sensor in place.

After consultation with the Series Technical Manager, the Stewards agree to grant a one-event waiver to the Nos. 51, 52 & 53, allowing them to compete without the required series equipment.
